Dear Sir:

In regards to your request of what we think of your station, I have recently purchased a new Scott Receiver and have just started to listen to your program. I have found it very enjoyable however, I would like to hear more Broadway shows.

There is just one thing I would like to inform you about. When you go on the air at 2:00 P.M. your station drifts quite a bit. At times it happens about every thirty seconds. I am located in Hamden, and other than the first hour your station comes in very well.

Sincerely,

Michael Winess
66 No. Lake Dr.
Hamden, Conn.
